

**LEAGUE FOR
ANIMAL WELFARE**

Choose No-Kill. Choose the League.

THE TRIUMPH OF *Compassion*

2020
Annual Report

Director's Statement

2020 left us with an even deeper sense of gratitude for the incredible community around us.

2020 was, to put it mildly, a challenging year - for businesses of every stripe; for individuals and families; for pets. Covid-19 interrupted 2020 in ways big and small, and the League, as many of you, had to pivot to work safely within its shadow. Fundraising strategies changed and events were canceled. Our plans to serve the public in our affordable veterinary clinic were put on hold. Our adoption processes were revised to ensure safety for staff and the public alike.

As we reflect on 2020, though, it is not the challenges that stand out, but the incredible successes in spite of those challenges. Though revenue was down, the care we provided to homeless and vulnerable animals did not suffer - in spite of having to close for several weeks, and revamp our adoption process, the League increased adoptions in 2020. And most importantly, we provided care and shelter for 1,069 homeless cats and dogs - more animals than we had the previous year, in spite of the pandemic interrupting resources.

And though individual donations decreased from previous years, more than 1,500 incredible supporters contributed to the League - in the midst of a year that was financially devastating, so many of you were unwaveringly committed to helping homeless animals get a second chance.

2020 may have taken a lot. But it left us with an even deeper sense of gratitude for the incredible community around us that helps save animals' lives even - and most especially - in the most difficult times. Compassion triumphed.
